HIGHLIGHTS

- Results-driven Full Stack Developer with 1.7+ years of professional experience in web development. Delivered 5+ successful projects using React.js, TypeScript, Node.js, and MongoDB. Increased team productivity by 20% through effective leadership and Agile methodologies. Completed 4000+ hours of intensive Full Stack Developer training at Coding Ninjas.

EXPERIENCE

Associate Software Engineer   Jan 2024 - Nov 2024
Career Survival   *Japan, Remote*

- Architected and launched Asnaro e-commerce platform, resulting in 30% faster load times and 25% improved user engagement .
- Developed 20+ reusable components, reducing development time by 40% for new features .
- Led a team of 2 junior developers, increasing sprint velocity by 20% and reducing bug backlog by 35% .
- Managed 50+ tasks monthly using Agile methodologies, achieving 95% on-time delivery rate .
- Reduced code review time by 40% through implementation of standardized Git workflows and documentation .
- Fixed 100+ bugs and reduced customer reported issues by 60% .

Frontend Intern   July 2023 - Jan 2024
VibenCode   *Remote*

- Improved application performance by 40% through code optimization and lazy loading implementation.
- Reduced page load time by 50% by implementing efficient state management and caching strategies.
- Collaborated with 8-member team to deliver features 25% ahead of schedule.
- Worked testable code by using tools like JavaScript, Typescript, React.js, Tailwind.

Teaching Assistance   Sep 2023 - Nov 2024
Coding Ninjas   *Remote*

- Mentored 90+ students in React.js development with 95% positive feedback rate.
- Conducted 25+ doubt resolution sessions with 92% student satisfaction rate.
- Improved student project completion rate by 40% through targeted assistance.
- Maintained 4.8/5 rating as teaching assistant across 2 months.

SKILLS

Frameworks	React, Next.js, Nodejs, Langchain, React Native
Programing Languages	JavaScript, TypeScript, Python, C++
Gen AI	LLM models, Vector Database, RAG
Designing Tools	HTML5, Figma, CSS3, Bootstrap, Tailwind
Tools	Git/GitHub, Trello, Slack, MS-Teams, Vercel, Render, Netlify, Basics Aws,
Databases	MongoDB, Basic SQL, Firebase, Supabase
Soft Skills	Communication, Fast Learner, Team Work, Problem Solving, Self Motivated

COURSES

- Full Stack Developer Boot Camp (900+ hours) - Coding Ninjas
- Completed 50+ assignments with 90% average score

PROJECTS

ASNARO

- Built platform serving 1000+ monthly active users with 99.9% uptime.

- Implemented rental system processing 500+ transactions monthly.

- Reduced infrastructure costs by 35% through efficient architecture.

- Technologies: React.js, Node.js, MongoDB, Tailwind CSS . (GitHub) (Video)

AskExp

- AskExp connects individuals with experts in software, career advice, psychology, and finance.

- It offers easy access to expert help in one place. (Try it here) (Admin) (GitHub)

Expense Tracker App

- Developed an Expense Tracker app using React, Node.js, and MongoDB.

- Integrated libraries like React-Router-Dom, Ant Design, and Express.js, with features such as graphical charts, customizable filters, and daily expense tracking. (Try it here) (Github)

EDUCATION

Bachelor of Electronics and Telecommunication Engineering, D. BATU University   2021- 2024
GPA: 7.5/10

Diploma of Computer Science, CSMSS College of Polytechinc   2017- 2021
Percentages: 73.50%
